Template for goal-setting meetings

Agenda

1. **Review Previous Goals**

   - Futher revise the manuscript based on comments
   - Run ppc and convergence test for the newly trained model, find out what is wrong
   - Revise the model

2. **Current Goals**

   - Inpected the revised model, still needs to revise
   - Try out revise the correlation coefficients of the stan model while keep intercept coefficients unchange
   - Add description in manuscript to explain how we revise the model

3. **Next Steps**

   - Plan actions for the upcoming week.

Action Items

☐ Task 1: ...
☐ Task 2: ...
☐ Task 3: ...

Additional Notes
